PRESIDENT'S MESSAGE:

We have changed our meeting night for October from the regular 2nd Thursday (Oct 12) to the 3rd Thursday (Oct 19) due to a scheduling conflict at the WYCC. To avoid future conflicts, the board has voted to place a deposit with WYCC for the remaining regular meeting nights through May 2007.

Our ski trips are filling up fast! I encourage everyone to sign up or get on the waiting list for the trip(s) of your choice. If you can't come to the meeting, call the trip captain to sign up. Also, tennis parties and bike trips continue through the fall months. Check the list in this newsletter and call the activity chair to sign up.

I look forward to seeing you at the meeting **October 19**. *Sonny*

To all PSC Members:

We're asking for your help in trying a **new** approach to increasing the club membership. In an effort to attract new members, instead of a flyer with general information we want everyone to make a **copy** of the newsletter and place it where others can see it. By doing this at the office, gym and some of your other activity sites, your family, friends, acquaintances, co-workers or anyone else you feel might be interested in the PSC can get a glimpse of the wonderful variety of PSC activities advertised within the newsletter. The PSC will benefit from any help you can provide in acquiring new members.

Interlaken, Switzerland

Jan 19-27, 2007

Interlaken – This small town lying between the lakes Thun and Brienz is an excellent location for winter sports and sightseeing in Switzerland's Bernise Oberland. Interlaken is located slightly to the southwest of the center of Switzerland and is about one hour drive from Bern, the Swiss capital. Its prime location offers access to the famed Jungfrau Top Ski Region of Switzerland, which includes the resorts of Grindelwald, Murren and Wengen.

The Jungfrau region provides 213 kilometers (113) miles of downhill trails accessed by 45 cable cars and lifts. There are three main skiing areas within the region: the Murren-Schilthorn, the Kline-Scheidegg-Mannlichen, and Grindelwald-First area. There are 30 kilometers (19) miles of cross-country tracks, and at least 100 kilometers (63) miles of scenic hiking trails. The Mannlichen area is a favorite for snowboarders because of its variety of terrain. Non-skiers or those taking a break from the slopes should plan an excursion to Jungfraujoch, the "Top of Europe." At 3,454 meters (11,333 feet), it is the highest-altitude railway station in the Alps. As part of the UNESCO World Natural Heritage site it offers visitors the Sphinx Observation Hall with a magnificent view of the Aletsch Glacier and the dramatic mountain peaks of the Eiger, Monch, and Jungfrau.

Ski the Northern Rockies of Montana and British Columbia Big Mountain, Mt & Fernie, BC, Canada • 24 Feb – 3 Mar 07

Plans as of Aug 21, 2006 – New, Lower Price (est.): \$1419 [Subject to possible fuel surcharge/exchange rate#]

Big Mountain is true to its name with 3000 acres of diverse terrain that includes top-to-bottom corduroy groomers, adventurous chutes, and massive bowls and glades filled-up on a regular basis with over 25 feet of light northern Montana snow. There are 91 marked runs with half rated intermediate level, 20% beginner-level, and 30% advanced or expert. On a mountain this big, the runs are definitely long – but not the lift lines. Eleven lifts including two high-speed quads hardly give you a breather between runs. With so much terrain, you never have to fight for space on the slopes. On a normal day you'll have around two acres of skiing all to yourself. Everywhere you look, you see powder stashes, tree shots, velvety groomers, and surprisingly few people. [Ask about vertical tracking.]

Fernie Alpine Resort is a short distance North of the Canadian border. This expansive resort boasts over 2500 acres of skiing with terrain appealing to all levels of skier. It receives an annual average of over 29 feet of snow, has five enormous bowls, 106 named trails, countless glades for tree skiing, and dramatic shoots for the adventurous. The ten lifts, including two high-speed quads, provide ample uphill capacity with no waits. Fernie was ranked 10th of the top 25 resorts in North America by Skiing Magazine (2004-05).

Lodging: We will be staying **slope side** in **Kandahar – The Lodge at Big Mountain**. A three-diamond AAA establishment, the Kandahar is an elegant, yet casual lodge surrounded by alpine splendor atop Big Mountain. The hotel rooms for two are richly appointed with pine and leather furniture. They have tile bathrooms with deep soaking tubs and granite vanities or porcelain pedestal sinks. The two queen beds have down comforters covered with cut velvet pile duvets. All are equipped with cable TV, telephone, small refrigerator, microwave, and coffee maker. **Daily breakfast voucher for Café Kandahar is included** (5-6 days). Ski home at the end of the day to The Lodge. Cross the street in front to access the Home Again Trail in the morning or take the lodge courtesy van to any location in the Big Mountain village area.

Trip Includes:

- ❖ Round-trip airfare Norfolk-Kalispell (19 miles away) (Delta: Leave Norfolk 2/24, 0730; return 3/3, 1635)
- ❖ Ground transportation
- ❖ 7 nights lodging: *Kandahar – The Lodge at Big Mountain* - 2 per hotel room with breakfast 5-6 days
